

Paper Boats

3								
Backyard Creek in the summertime,								
4								
low barefoot banks where the water grass grows,								
5								
folded dreams from the schoolroom page,								
6								
launched on the current slow to fade,								
7								
we'd race them past the willow bend,								
8								
laughing loud like the day won't end,								
9								
paper boats on the silver stream,								
10								
11								

sailing all my yesterdays into dreams,

born with the rain out past the sea,

sake is humming all

still holding secrets we left within,
