1	 Cadd9 G IV			Cadd9 IV		G I	
2	G I	D V			Cadd9/D IV / V	Cadd9/G IV / I	G I
The night gets heavy,							
3	D V		C IV		C/G IV / I		C IV
shadows close in, but I see the glow where the light begins.							
4	D V				Dsus4 V		
5	D V		Em vi		G I		C IV
A single spark in the quiet air,							
6	D V				Dsus4 V		Em7/D vi / V
one leathern heart says I'm still here.							
7	G I				A II		
When the road is dark and the miles feel long,							
8	G I				A II		
we carry the fire, we keep it strong.							
9	G I		Fadd9 bVII		Em7 vi		
We are leathern hearts in the night,							
10	G I		Fadd9 bVII		C IV		
shining love through the cracks of time.							

11	D V		Em7 vi		F bVII		Em7 vi	
----	--------	--	-----------	--	-----------	--	-----------	--

Cold and steady when the world feels far, guiding each other like the northern stars.

12	D V				G I			
----	--------	--	--	--	--------	--	--	--

No flame too small,

13	G I				D V			
----	--------	--	--	--	--------	--	--	--

no light too sparse, we are leathern hearts.

----	--------	--	----------	--	--------	--	--	--

16	D V				D V		Cadd9 IV	
----	--------	--	--	--	--------	--	-------------	--

Windows blowing in houses we pass,

17	G I		C IV		D V			
----	--------	--	---------	--	--------	--	--	--

stories thicker like stained glass.

18	D V				D V			
----	--------	--	--	--	--------	--	--	--

Even broken glass can throw a flame,

19	G I		C IV		D V			
----	--------	--	---------	--	--------	--	--	--

every leathern heart burns the same.

20	D V				G I			
----	--------	--	--	--	--------	--	--	--

When the wind comes hard and the night turns cold,

21	A II				G I			
----	---------	--	--	--	--------	--	--	--

we hold the light, we don't let go.

22	A II				G I		F bVII

We are leathern hearts in the night,

23	CM7/E IV / VI		Em7 vi		G I		F bVII
